

## **Loris High School Cell Phone Policy**

CELL PHONES: Students will be allowed to use their cell phones in the cafeteria/courtyard before school, and during their lunch. Phones cannot be out/on in classrooms during instructional time. There will be no administrative warnings for cell phone violations; ISS/OSS will be assigned according to the violation on the first offense. Teachers will write a referral if a phone is out or in use in the classroom and will not sacrifice instructional time by requesting to take phones which can lead to disruptions. If a student refuses to put the phone away after the violation, the teacher will call for an administrator to come to the classroom and remove the student. Earbuds are mainly for instructional time only. They may also be used in the cafeteria/courtyard between 7:45am-8:05 am and at lunch. No speakers or BEATS/headphones are allowed in school at any time. \*Students using cell phones or recording devices of any kind that video tape, disseminate and/or post to social media the actions of other students/staff will receive the same consequences as those involved. School is not responsible for any damage or loss/stolen electronic devices/cell phones.
